

ENVIRONMENTAL STUDIES AND SUSTAINABILITY CERTIFICATE

This interdisciplinary certificate program provides a foundation in environmental science concepts as well as economic, political, legal, cultural, and ethical factors associated with emerging environmental issues. Coursework emphasizes themes of sustainability – meeting current societal demands without sacrificing the ability of future generations to meet theirs. Depending on placement (for composition requirement), full-time students could complete the certificate program in one year.

LEARNING OUTCOMES

Upon completion of the Environmental Studies and Sustainability Certificate, students will be able to:

1. Explain the importance of the natural world in Anishinaabe culture.
2. Explain environmental processes are affected by human populations.
3. Explain how environmental problems and solutions are shaped by historical, geographical, social, political, economic, and cultural contexts.
